Mr. Burrows:

This will confirm your reception of our station (however briefly) on February 17, 1992.

That happened to be my voice you heard on th "W/X Computer" promo spot and on the "Baxter Kwik-Mart" BP commercial.

I am enclosing some of the material and information you requested, perhaps more than you care to have.

Thank you for the report!

Sincerely,

RADIO HARLAN, INC.
